Jabreen and the Three Brothers

It is said that in our Dreaming, long ago, three brothers came to live at what is now known as Brunswick Heads. After some time they went their own ways; one went south, one went west, and the other north.

The brother who came north was **Yarberri/Yabarrain**, who was also known as **Jabreen**. It was Yarberri who made us into **Mibunn**, who taught us our language, our lore, our initiation, and most importantly, how to care for **ngalingah jagun** (our country).

Thousands of years later, the sons and daughters of Jabreen still call this country his; to us it's not Queensland, it's Jabreensland!

Draw an arrow for each brother's journey. Colour Jabreen's arrow!

Answer
