- ☐ **native title**
- ☐ **colonisation**
- ☐ **invasion**
- ☐ **sovereignty**
- ☐ **nation**
- ☐ **cultural expressions**

A Latin for “land belonging to no one”. A false idea used to justify the British colonisation of Australia, overturned by the Mabo decision.

B The authority of a people to govern themselves and their territory.

C An area of land, waters and sky that a First Nations group belongs to, cares for and has responsibility for.

D The ways a culture is shared and shown: stories, song, dance, art, language and objects.

E One people setting up and taking control of a territory that already belongs to another people.

F The First Nations people whose ancestors belonged to an area before colonisation, and who keep their connections to it today.

G A community of people who share a language, history and culture, and usually a territory.

H Recognition in Australian law of First Nations peoples’ rights and interests in land and waters, under their own laws and customs.

I The system that sets out how people are related, and their roles and responsibilities to each other.

J Entering a territory to take possession of it. British colonisation was experienced by First Nations Australians as an invasion.
